

June 15 (Thursday)		
10:00–11:30	Arnon Avron	Operations on non-deterministic matrices and their use
<i>Coffee break</i>		
12:00–12:30	Andrey Kudinov	Many-dimensional modal logics for neighborhood semantics
12:30–13:00	Oleg Grigoriev	On modal fragments of some tense logics
<i>Lunch time</i>		
15:00–15:30	Anastasiia Onoprienko	Completeness of the logic HC in a special space
15:30–16:00	Tikhon Pshenitsyn	Algebraic semantics for hypergraph Lambek calculus
<i>Coffee break</i>		
16:30–17:00	Pavel Razumnyy and Daniyar Shamkanov	Topological semantics of the predicate modal calculus QGL extended with non-well-founded proofs
17:00–17:20	Elena Popova	Temporal epistemic logic for reasoning with delay in awareness
17:20–17:40	Marta Fiori Carones	Conservative translations for non-deterministic semantics
Conference dinner (17:40–...)		
June 16 (Friday) – online only		
10:00–11:30	Dmitry Shkatov	Computational complexity of theories of residuated structures
<i>Coffee break</i>		
12:00–12:30	Yiheng Wang and Zhe Lin	Involutive commutative residuated lattice without unit: logics and decidability
12:30–13:00	Mikhail Rybakov and Dmitry Shkatov	On algorithmic expressivity of finite-variable fragments of intuitionistic modal logics
<i>Lunch time</i>		
15:00–15:30	Nikolai Kudasov	Experimental prover for Tope logic
15:30–16:00	Irina Agadzhanian, Mikhail Rybakov and Dmitry Shkatov	Algorithmic complexity of monadic multimodal predicate logics with equality over finite Kripke frames
June 17 (Saturday) – online only		
16:00–16:30	Hitoshi Omori and Jonas Becker Arenhart	Making sense of mixed consequence relations
16:30–17:00	Antonino Drago	The structural definition of logical negation through the doubly negated propositions
<i>Coffee time</i>		
17:30–19:00	Walter Carnielli	The potentialities of non-standard theories of probability
